Covid - 19 | Weekly Data Update | 1st July 2020

Contact: Public Health Department

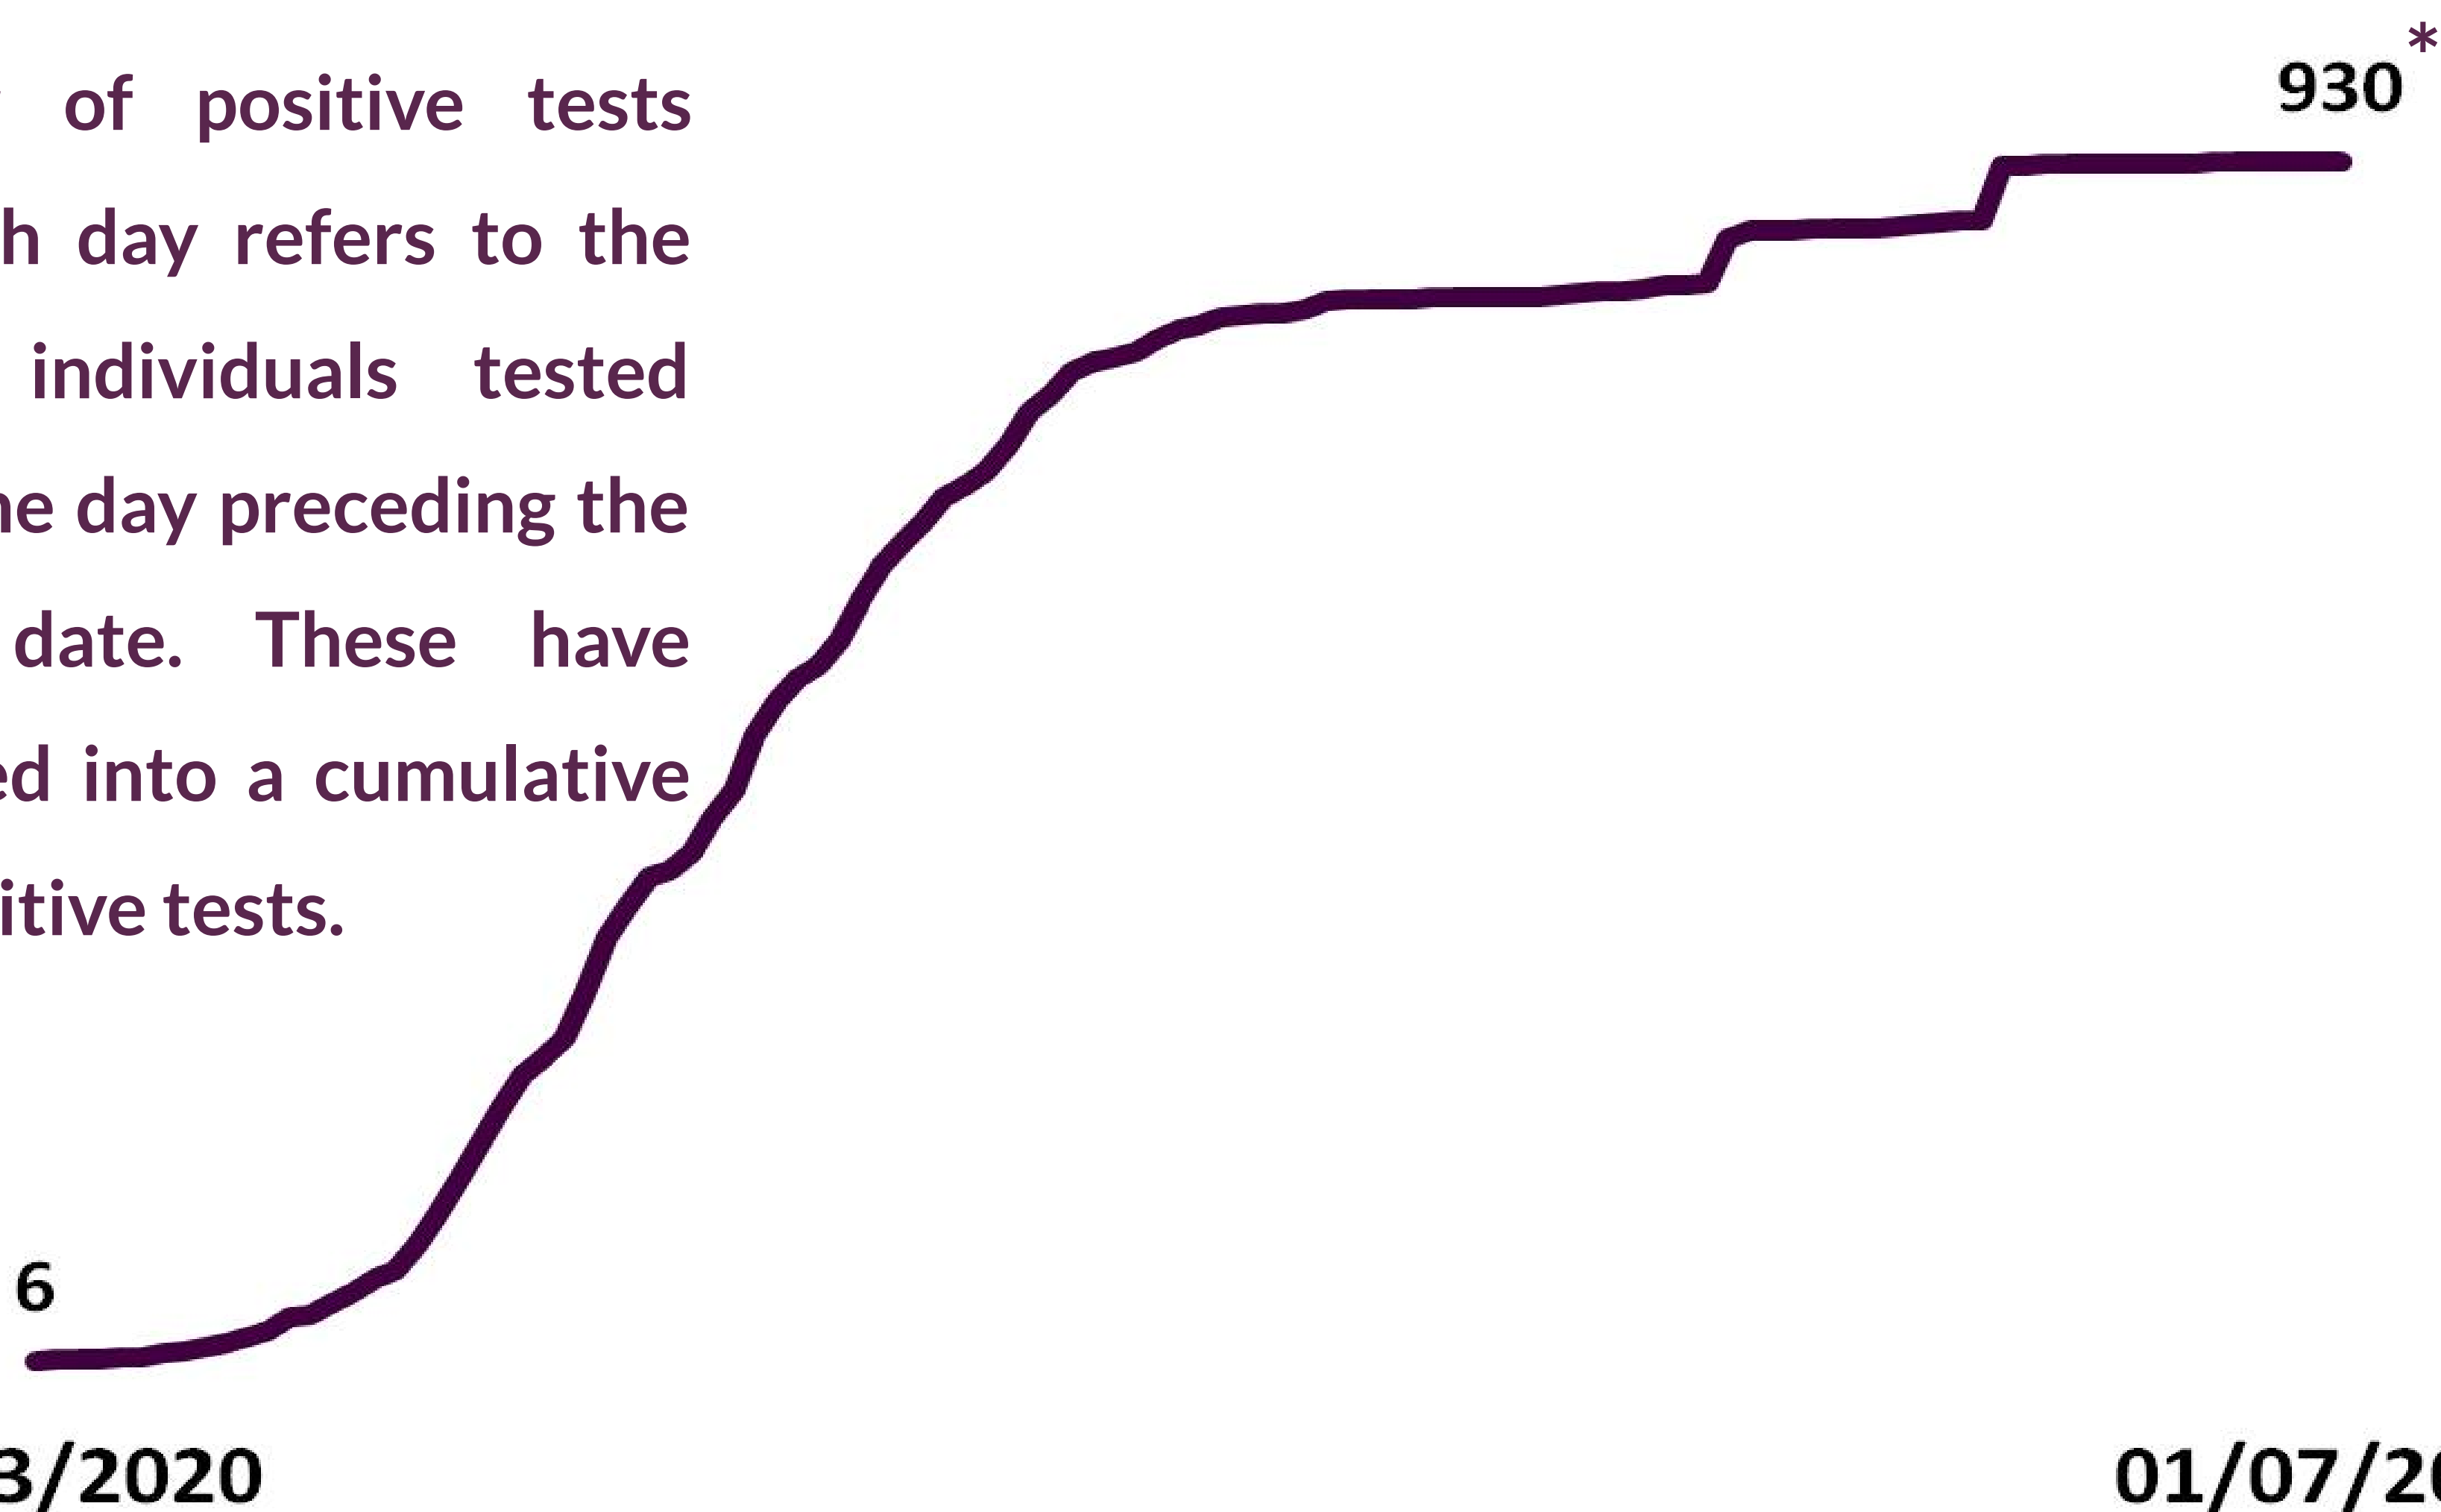

Version 1.0

Date: 2 July 2020

Confirmed Cases : 930

Cumulative positive COVID-19 tests, Fife Residents

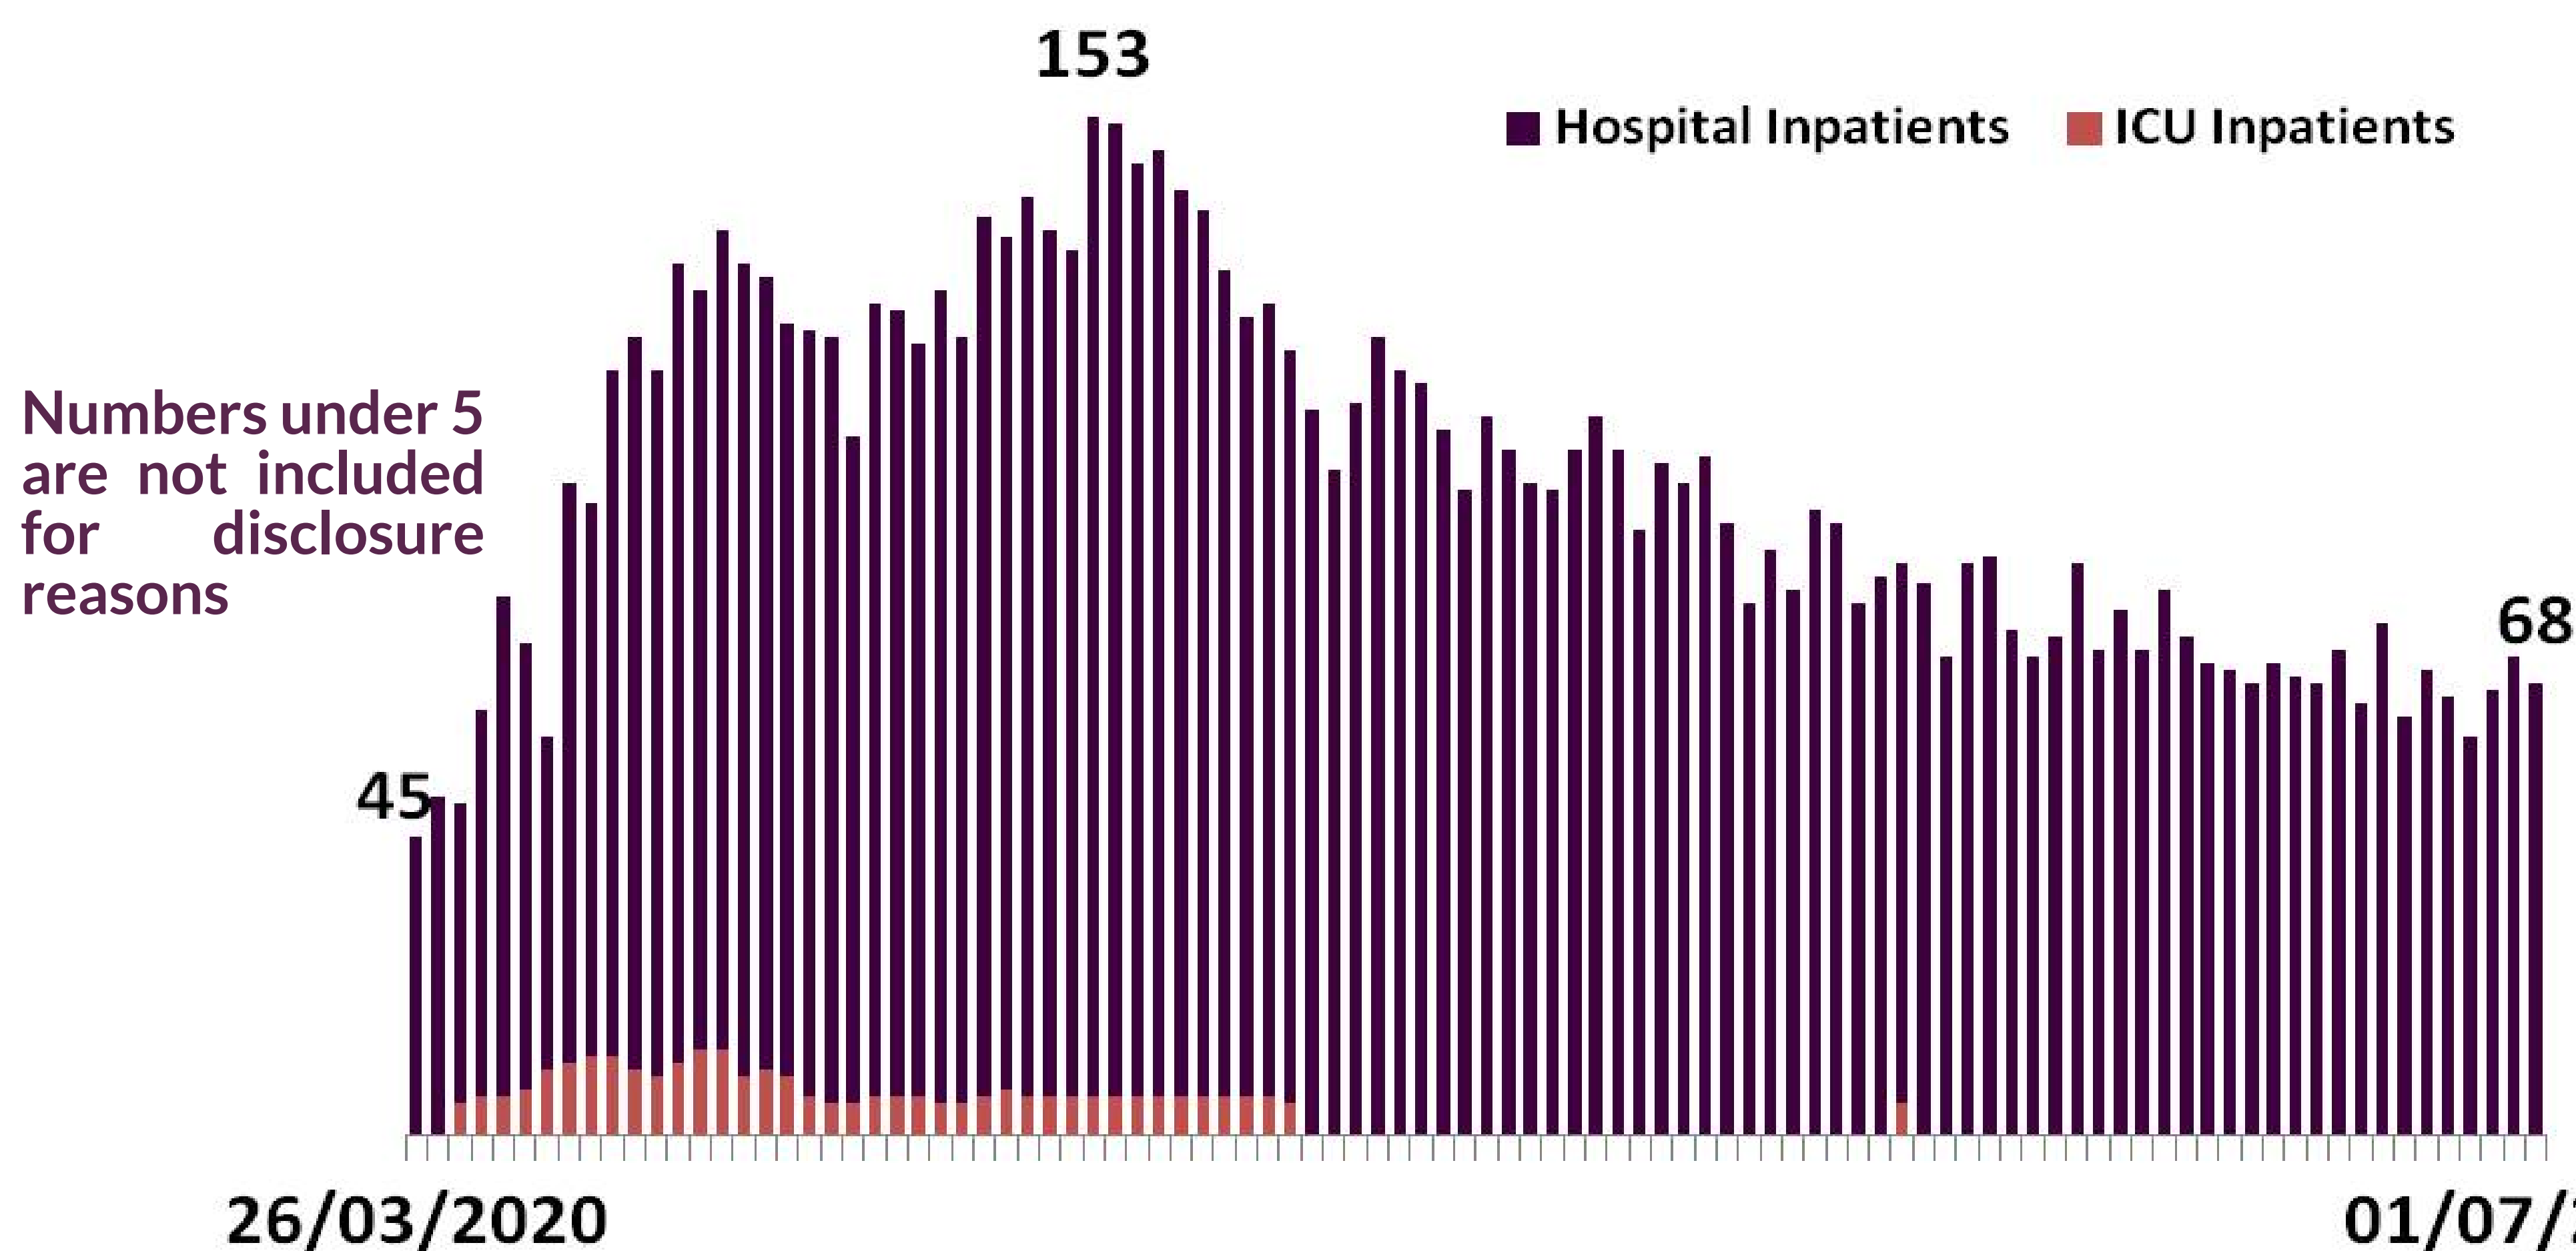

The number of positive tests reported each day refers to the number of individuals tested positive on the day preceding the notification date. These have been compiled into a cumulative figure for positive tests.

*The daily total of people found positive on 2/6/20 contains 40 historic samples which accounts for the sharp increase shown in the chart above. The increase on 15 June is due to the addition of all the UK Government testing cases to the database.
